COLLECTION NAME: McConnell Papers

LOCATION: ✓ M960

Folder #1: Business (AHAP)

Contains request orders, purchase orders, and information on subscribing to the Worm Runner's Digest, 1965 thru 1967.

Folder #2: JBP Volume 8 #2

Contains letters, articles, and poems.

The poems are: "The Topological Worm", Scot A. Morris; "Instruments of specialized Research" by Vic Flach; and "Annihilation", A.J. Hovda.

The MS. are:

The Influence of Brain Homogenate Injection on the Speed of the Formation of Alimentary Conditioned Reflex in Rats, Stanislaw Reinis;

Degree of Learning and Degree of Memory Transfer in Planarians, Alfred Fuchs, Robert Harrington, Robert Lariviere, and Timothy Robinson;

A Technique for the Proper Fixation of Planarians, Stuart Coward;

Metrodorus of Chios, T.D.C. Kuch;

The Role of Encephalization in the Feeding Behavior of a Land Planarian, Bipalium kewense, G.M. Barnwell;

An investigation of the Relation between RNA and Learning in planarians, Mark C. Schwartz and J. Stuart Sweet;

Do-it-Yourself Organic Chemistry, Peter Wollheim;

Behavioral Studies in the Sensitive Plant, Mirian Yost and Eric Holmes;

Rat Trap, Theodore J. LaVaque and Cary C. Deatherage;

The Adventures and Times of Eosilred, Prince of Elfour: A Bloodtime Story, Ian Rose;

Worms and Things, James McConnell.

Folder #3: JBP Volume 9 #1

Contains letters, articles, and poems.

The poems are: "The Face of the Water", George Grille, Jr; "The Girl and the Engineer", Miriam C. Maloy; "The European Corn Borer", M. Buckley; "Little Boxes", William Braud.

The MS. are:

Worms and Things, James McConnell;

COLLECTION NAME: McConnell Papers

LOCATION: M960

Folder #3: (Con't)

Reply to a Russian Scientist, Allan Jacobson;

Speech in the Underground Earthworm (*Lumbricus Terrestris*),
Don D. Dilly;

Failure to Replicate: Statistical Considerations, Selby H. Evans;

A Simple Flow System for Studying Chemoreception in Aquatic Organisms,
S.J. Coward, R.C. Taylor, and R.E. Johannes;

Scientific Freedom and Open Communications, Carl Lindegren;

A Taste of Crime, J.A. Lindon;

The Horse Revisited, Marlow Sholander;

Exhaustion as a Function of Experimental Psychology, Stanley Kaplan;

Defecation: A Methodological Note, Andrew L. Dickson;

Flab According to Formula, Clair G. Wood;

Conditioning in Planarians and RNA Content, A.N. Cherkaskin and
I.M. Sheimann;

Factors Affecting the Transfer of Training Effect in Rats,
James McConnell.

Folder #4: JBP Volume 9 #1 (Con't)
Contains MS. as follows:

Hip, Hip, for Hippias!, John McGlellan;

Relation Between Planarians and I, Masaharu Kawakatsu and Mieko Aizawa;

The Annotated Bibliography of Research on Planarians: Part X,
Nancy Slater;

Transfer of Learned Behavior by Brain Extracts, Georges Ungar;

Arat's Commentary, Mr. Iam Arat.

COLLECTION NAME: McConnell Papers

LOCATION: M960

Folder #5: JBP Volume 9 #2

Contains letters, poems and manuscripts.

The poems are: "The Behaviorist's Prayer", Larry F. Quattlebaum;
"Somatopoetry", Sam B. Morgan; "Psychologists", Scot A. Morris;
"Fig Newton", Irl Extein; "Oh, The Joys of Locomotion", Rodney Mason
Stewart; "To Tribolium Confusum Duval", M. Buckley; and "Geneticist's
Nightmare", Wolf Wolfensberger.

The MS. are:

Amino Acid Analysis of Intact Planarians by Paper Chromatography,
F.T. Crawford, F.J. King, and Milton A. Magos;

Attempt to Transfer Aversion to Saccharin Solution by Injection of
RNA from Trained to Naive Rats, Samuel H. Revusky, Frank DeVenuto;

To the Id: Onward and Sideways, Irvin A. Kraft;

The Case of Victor Styles, William Braud;

Ain't Nobody in here But us Chickens, Boss, Braine Blaine;

Divine Science, James Weinrich;

Invertebrate Neurobiology: Conference Report, W.C. Corning;

First Thoughts on a New Theory of Human Behavior, Living Puts,
Gershom Clark Morningstar;

Slime Trail Recognition in Planaria, Norman Nelson;

Conditioning in The European Planarian, Dendrocoelum Lactum: The
Effects of Prolonged Conditioning, Georges Chapouthier;

Notes on the Menu, J.A. Lindon;

Mr. Schoenfahrt: A Profile, John McClellan;

Tale of Two Planarians, Carol LaGue.

COLLECTION NAME: McConnell Papers

LOCATION: ✓ M961

Folder #1: JBP Volume 10 #2

Contains letters, poems, and manuscripts.

The poems are: "Hans Breitmann in the Lab", J.A. Lindon; "The Striped
Sperm Totem", Marian Knight Wyman; "A Circus Well Versed", C. Peter
Rosenbaum; "Paradigm Lost and Paradigm Regained", Edward Foy; and
"Genes From the Sungoddess", "Reincarnation: Astronomer's Corroboration"
"Things Do Not have to Remain Things", Mildred Cleaves.

The MS. are:

The Iconoclast, Frederic Walker;

Attempts to Obtain Information Transfer with Brain Extracts,
John Corson and Hildegard Enesco;

The Tale of Cuddles Lapin, John McClellan;

The Id: Part Two, Its Scope as a Sound Object, Irvin Kraft;

Spontaneous Generation of Wrinkles: A Preliminary Report, Barry Wepman;

Gibbon Take, C. Peter Rosenbaum;

Maze Learning in the Lizard *Dipsosaurus Dorsalis*, Blanche Julian
and Ann Richardson.

Folder #2: JBP Volume 10 #1

Contains letters, poems, and manuscripts.

The poems are: "Down Memory Lane", James Roche; "Conservative's Creed"
by Selby Evans; and "My Garden of Friends", Sphie Jakowska.

The MS. are:

The Effect of Drugs on the General Behavior, Regeneration and Learning
Capacity of Planarians, B.B. Togrol;

We Gotta Lern, Fred Opkins;

By Way of Preface, J.A. Lindon;

Three Folk Songs for Psychologists, Theodore Wachs;

Robert's Rule of Unparliamentary Procedure, Ian Rose;

Chemical Changes in the Brain and their Relationship to Donor-Recipient
Transferred Avoidance Behavior, Henry Alschuler, M.H. Kleban, M. Gold,
M. Lawton, M. Powell;

Folder #2: (Cont'd)

Learning in Sea Anemones, G.A. Browne, J.S. Pollard, and A.M. Lysons;

Chemical Learning in the Brain: Speculations, Shelby Evans;

Avoid the Embarrassment of Retained Null Hypotheses with Exodus:
The Pathway to Happiness in Research, Richard Coop and Donald Ary;

Comparative Psychology and Comparative Psychologists: An Assessment,
Donald Dewsbury;

A Case History of Extinction of Deviant Verbal Behavior Without
Awareness, L.F. Quattlebaum;

Experimental and Humanitarian Approaches to the Therapy of Behavior
Disorders, Jules Masserman;

The Bar Sinister of Sud Nim, John McClellan;

The Nature of Psychology, P.M. Driver and W.C. Corning.

Folder #3: JEP Volume 11 #1

Contains letters and manuscripts.

The MS. are:

Thermoregulatory operant behavior in the lizard *Dipsosaurus dorsalis*
as a function of body temperature, substrate temperature, and heating rate,
Frederick Kemp;

The Effect of Light on Feeding in Planarians, Marie Jenkins;

Ferrets do Learn Mazes, J.S. Pollard and R.F.V. Lewis;

The Effects of Light Intensity and temperature on the Rate of
Locomotion of the Planarian *Polycelis nigra*, J.F. Pain;

Classical Conditioning of a Plant: *Mimosa pudica*, Robert Haney;

Ability of *Dugesia Dorotocephala* to Adjust to the pH of the
Environment, Robert Saum, David Andes, Alexander Park, and Marie Jenkins;

Psychology and Model-Building The Orienting Response, Peter H.
Wagschal;

Puck's Primer of Primigenial Psychological Phrases, John J. Miller
and Richard T. Walls;

Regeneration Experiment on Planarians, Johanna Kuszajewski;

Some Funny Things Happened to me on my Way to the Asylum,
Peter Runkel;

Is Memory a Disease?, Ian Phillips;

The Jigsaw Puzzle and the Inventive Mind, Roger Hayward.

Folder #4: JBP Volume 12 #1

Contains letters to the editor concerning the publications.

Folder #5: JBP Volume 12 #1

Contains poems and manuscripts.

The Poems are: "Vissitudes" by Harvey Rosenstock; "Crossings",
Mildred Cleaves; and "Pain's People", Peter Olson.

The MS. are:

The Negative Action, Harold Baldwin;

The effects of Whole Brain Homogenate on Transfer of Information in
Rats, Alan Cohen;

Operant Control of Thanatos, L.F. Quattlebaum;

Psychoceramics, M.W. Robin;

A Note on Contemporary Trends in Learning Technology, W. Clem Small;

An Unfinished Account, William Kost;

How to Shrink a Head, Tock Durmiss;

Report on the First Annual Conference on Letisimulation in Herpets,
Held at Terra Alta, West Virginia, Nov.8-9, 1968., Robert Boice, David Witter,
and Janet Witter;

Please Fill In the Blanks, Margot Massey;

A Planarian Behaviorist's View of Science and Human Behavior,
Jules Masserman;

The Hunting of the Slype, J.A. Lindon;

Regeneration in Planaria: Some Unresolved Problems and Questions,
Stuart Coward;

COLLECTION NAME: McConnell Papers

LOCATION: M968

Folder: Psychology 201
Lecture outlines for the class, psychology 201, (Basic Concepts), at the University of Michigan, 1958. Among the lecturers, (?) R. M. McCleary, W.C. Clark, James V. McConnell, Daniel Katz,.

Folder: Psychology 182
Lecture outlines for the class, Psychology 182, (The influence of psychology), at the University of Michigan. Dates on the outlines are unknown. Among the topics: Introductory Lecture, General Lecture, Public Relations, Conversions Experiences, Subliminal Stimulation, Motivation Research, (Prisons, Punishment, and Token Economies,) Propaganda, "The History of Advertising", Education, Sensory Deprivation, Drugs, Hypnotism.

Folder: Psychology 170
General information on Psychology 170, section 201 and 003, at the University of Michigan. Dates Unknown. Information includes: General Rules of the course, Explanation of grading scale, and Final Exam for Psychology 170 by James C. McConnell.

Folder: Psychology 190
General information on the course, Psychology 190, section 7. for the year, 1970 fall. Includes grading outline and and student remarks on projects to be filled.

Folder: Psychology 503
General Information on Psychology 503, about Behavior Therapy assignment, and letters sent to Jim McConnell from Tim Walter, (his teaching assistant), about course outline for the class, Dates unknown.

Folder: Psychology 202
General information on Psychology 202, at the University of Michigan. Information includes; addition and correction on original schedule and reading list. For May 1959.

Folder: Psychology 487
General Information on Psychology 487, at the University of Michigan, during the period of 1963 and 1970. Information includes required reading outlines, course evaluation handouts, assorted final exams during the period, 1963 and 1970.

Folder: Psychology 579
General Information on Psychology 579, at the University of Michigan, during the years 1969 to 1970. Information includes submitted course evaluations by the students as a final exam, and copies of exams that were administered in Psychology 579.

Folder: Psychology 731 (AHAP)

General information about the course, Psychology 731, (Psychobiology). for the winter term of 1971, at the University of Michigan. Information includes: final exams and reading lists.

Folder: Misc. Correspondence (AHAP)

Letters to Jim McConnell dealing with a variety of topics. Among the authors: Charles W. Bray, Arlene L. Hartry, Roger W. Sperry,.

Folder: Research Grants (AHAP)

General information on research grants for the period, April 1, 1966 through March 31, 1969. Filed by James McConnell at the University of Michigan. Among the information: Application for Research Grant, Approvals, Applications of Renewal, Itemized budgets list, Guidelines for Submitting Budget requests.

Folder: Publishers addresses (AHAP)

General information about different publishing companies, name and addresses. With some annotated pages with comments.

Folder: Allied Radio (AHAP)

Order blanks with lab equipment orders by Jim McConnell at the University of Michigan, for the period: April and March 1957. Also includes summary of order.

Folder: Psychology 411-474 (AHAP)

Course evaluation handouts for Psychology 411 and 474 during the year 1973.

Folder: Quotes

Misc. quotes and poems in which none deal with a related topic. Includes some information on the Planarian worm by Jim McConnell.

- Folder: The Planarian Worm (AHAP)**
Folder includes a variety of Manuscripts dealing with the Planarian Worm, which were submitted to James McConnell around 1958 and 1960. Among the authors: Edward Ernhart, James V. McConnell, Paul R. Cornwall, Margaret Clay,.
- Folder: Paul Cornwall (AHAP)**
Folder includes MSs that were submitted to James V. McConnell from Paul Cornwall, dealing with topics such as: Stimulation of Planarian Worms, Conditioned responses of the Planarian (by Gretchen and Paul Cornwall), The will of Flatworms during the Winter, Learning of the Planarian, Locus of Learning in Planaria,.
- Folder: Atomic Energy Commission (AHAP) I**
Folder includes Proposals to the United States Atomic Energy Commission for the Continuation of Contracts, which were submitted by James V. McConnell, (University of Michigan), between the periods: May 1961--May 1964. Among the titles: The Effects of Radiation On Regeneration and The Acquisition and Retention of Learned Responses in Planaria, Biological and Psychological Effects of Radiation in the Planaria.
- Folder: National Science Foundation (AHAP)**
Folder includes a Proposal to the Nation Science Foundation submitted by James V. McConnell (University of Michigan in August 1966.) Proposal deals with the Studies of the Molecular Basis of Learning.
- Folder: Carl G. Lindgren (AHAP)**
Folder includes a preface and additional chapter from a book written by Carl Lindgren (The Cold War in Biology) which was sent to the Worm Runners Digest (James V. McConnell). Submitted around October 5, 1960.
- Folder: Manuscripts II (AHAP)**
An assortment of MSs submitted to James McConnell for information or eventual publication in the Worms Runners Digest. Among the authors: Margaret L. Clay, Robert Sommer, Richard Corrigan, and others.

LOCATION: ✓ M970

Folder: Planarian Research (AHAP)

Folder includes a variety of MSS written by McConnell and other associates dealing with the research of the planarian worm. MSS seem to have originated around the year 1964, some undated. Among the authors, the following psychologists: James V. McConnell, Richard A. Block, and other authors ~~of which~~ ^{who} are not Psychologists.

Folder: Subliminal Perception and Stimulation (AHAP)

Folder includes a variety of MSS dealing with Subliminal Perception and Stimulation. MSS seem to have originated around 1957-1958, some undated. Among the authors, the following psychologists: Richard P. Barthol, James V. McConnell, Richard L. Cutler, Elton B. Mc Neal.

Folder: Memory Transfer (AHA)

Folder includes a variety of MSS written by McConnell dealing with the research in Memory Transfer. MSS seem to have originated around 1966-1978, some undated. Among the titles: Cannibals, Chemicals, and Contiguity and Memory, Biochemical Correlates of Learning and Memory, Memory Transfer Experiments in Invertebrates.

Folder: Teodor Cazacu

Folder includes Correspondence between James V. McConnell and Teodor Cazacu dealing with Memory titled, "What Are Memories Made Of?" Mr. Cazacu is associated with the Scantela, located in Bucharest, Romania.

Folder: Sensory Deprivation (AHAP)

Folder consists of an unsigned MS.

Folder: Paramacia (AHAP)

Folder includes MSS by David R. Hertzler dealing with his research with paramacium. MSS are dated 1952 and 1962.

Folder: Halas (AHAP)

Folder includes correspondence between James V. McConnell and Edward S. Halas and Harry F. Harlow dealing with the MS, "Types of responses elicited in planaria by light," written by Halas and McConnell. Correspondence ~~are~~ dated between 1960 and 1961.

Folder: Misc. Correspondence (AHAP)

Folder includes correspondence with McConnell dealing with a variety of topics. Among the authors and recipients are: Richard B. Stuart and Frank R. Ervin. Correspondence ~~are~~ dated between 1970 and 1972.

Folder Miscellaneous

✓ Folder contents are very miscellaneous. ~~Some~~ are of a somewhat confidential nature. Among the types of materials:

Biographical information about McConnell and others (not psychologists). For example, information provided by McConnell in 1961 entitled "Security Investigation Data for Sensitive Position".

Letters to the Editor. 1959-70. Generally negative comments about articles published by McConnell.

✓ Correspondence with patients and information about patients who participated in projects with U. of Michigan psychology students.

Travel forms. Vouchers, invoices, itineraries, expense reports re. McConnell's professional travel. 1959-61.

✓ Salary information. Some for McConnell. Others for graduate research assistants.

Publisher agreements, royalty statements, etc. 1958-68.

Correspondence, memos, reports of 1961 re. the work of the Britannica Center and the Center's journal, the Quarterly Journal of Behavior. Involved in this correspondence with McConnell were: Allen ~~Calvin~~, Calvin, Cletus Burke. Includes a list of the Board of Editors for the new journal.

✓ Very miscellaneous bits of correspondence of a confidential nature. Among the topics: reviewers comments on manuscripts and proposals; McConnell's participation in programs of the Institute of Continuing Legal Education.

Brief correspondence among McConnell and the following psychologists: Harry Helson (1957 discussion of learning theorists); letter of 12-29-59 to Austin Jones from Arthur Melton re. reviews of a ms. by Jones; letter of 10-6-70 to McConnell from Stanley Brodsky referring to criticism against McConnell which was evidently circulated in a Psychologists for a Democratic Society Newsletter.

LOCATION: M2059

Folder 5 - Business Correspondence

Topics include publication of a McConnell-Golub chapter entitled "Empirical issues in interanimal transfer of information" and general WRD corr. Also includes "A Portable laboratory for the unobtrusive observation of animals in their natural habitat: the pachydermobile" by Terry Maple, and Robert Hassenger's VITA. 1964-1973.

Correspondents include:

Nathan Azrin	Karl H. Pribram
E. J. Fjerdingstad	Donald E. Shapiro
Arnold Golub	David Solomon
Walter J. Maytham	

Folder 6 - Correspondence - B

Primarily misc. professional corr. re subscriptions, journal articles, text-book publications and other misc items. Includes a proposal for "Project Hercules" - a computerized learning project. 1987-90.

Correspondents include:

Roy T. Bamber	Robert Boice
Judith Bardwick	Charles L. Brewer
Ludy T. Benjamin, Jr.	Louis J. Broussard
Frederick A. Bennett	Dale R. Brown
Ellen S. Berscheid	Sheila F. Brown
Nelson E. Bingham	Jon W. Gosser
Benjamin S. Bloom	Katherine Jones

Folder 7 - Correspondence - C

Misc. professional corr. Topics re invitation to speak, letters of recommendation, McConnell's article in OMNI and general U of M business. Also includes a short paper entitled "Theory on Thursdays" by McConnell. 1987-90 and a few undated.

Correspondents include:

Albert C. Cain	Rosalind D. Cartwright
Roland L. Calhoun	Margaret L. Clay
James S. Calvin	Jacquelyn S. Clements
James G. Carr	George W. Crile, Jr.

Folder 8 - Correspondence - D

Corr. topics include general business, comments on UHB-6, and the history of psychology (w/Dewsbury). Includes other misc. topics. 1987-90.

Correspondents include:

Donald A. Dewsbury	W. Robert Dixon	Margaret E. Donnelly

Includes topics such as UHB-6, different computer systems, and other general business. 1987-89.

Correspondents include:

Kenneth E. Coffield
S. Melissa Denton

Glenn C. Ellenbogen
Floyd D. Whitehead

Folder 10 - Correspondence - F

General business corr re UHB and other topics. Includes corr. re McConnell's opinion on expert testimony on an individual's capacity to exercise free will. 1986-89. Correspondents include:

L. Dodge Fernald, Jr.
Barry Fish

Nelson L. Freedman
Bruce R. Fretz

Folder 11 - Correspondence - G

Primarily corr. re production of UHB-6. Includes letters of recommendations for different people, general business corr. and a resume and personal statement for Sue K. Gano. 1987-90.

Correspondents include:

Sue K. Gano
Eleanor J. Gibson
Jon W. Gosser

Ernest Greene
Mark C. Gridley
Gloria J. Gruszczynski

Folder 12 - Correspondence - H

Primarily corr. with publishers for UHB-6, includes responses to the final product. Also corr. re desk-top publishing woes, Project Hercules, McConnell's comments on other articles and his comments on "Classic Readings in Psychology". 1980-90.

Correspondents include:

John V. Haley
T. George Harris
Edwin B. Headrick
Ralph W. Heine
Sheldon Lyle Herring

John Hinson
Douglas R. Hoftstadter
Warren Holmes
Darwin P. Hunt
Steven Hutchison

Folder 13 - Correspondence - I/J

Misc. corr. re permission to quote, UHB, & a list of the laureates for 1988 Kyoto prizes. 1987-90. Correspondents include Earl C. Jones & Patricia Jarvis.

Folder 14 - Correspondence - K

Includes a "proposal for a fund raising campaign to support the Division 2 Teaching Awards program" and corr. re it. Also corr. re other published articles, UHB, nomination of Kimble for a teacher award and other general corr. 1984-89.

Folder 11 - Memory Transfer Papers

Includes the following items: (most undated)

- "Some Biochemical Correlates of Imprinting" by William C. Beckwith & Samuel Eiduson
- "A Procedural Note on Recent RNA Experiments with Rats" by Allan L. Jacobson - mostly figures and graphs
- "Clinical and Biochemical Remarks on the Ribonucleic Acid Treatment of Alzheimer's Disease" by V.A. Kral and S. Sved
- "Preliminary Report: An attempt to Produce Inter-animal Transfer of a Brightness Discrimination Via Brain Extract" by Allan R. Wagner and Robert Galambos (@ 1966)
- "Slime Trails, Planarian Behavior, and Conditioning" - author unknown
- an untitled, w/author unknown, paper re RNA theories of learning
- "The Effects of Vibration as the UCS in the Conditioning of Planaria" - a 1-page report by Paul Cornwell
- "Prospectus for a Study of the Effects of Random Reinforcement Upon Conditioning, Extinction, and Savings in Planaria" - a 2-page description by Paul Cornwell
- "Basic Questions Concerning Possible Chemical Bases of Learning Phenomena" by John Gaito. Four questions with possible answers, and another sheet w/10 questions.
- "A Bibliography of Published Experimental Papers on 'Chemical Transfer of Training'" compiled by Allan L. Jacobson. 11/11/66
- a paper by a non-psychologist re learning in flatworms
- "Transfer of Learned Behavior by Brain Extracts" by Georges Ungar

Folder 12 - Colleague Papers

Includes the following papers by psychologists:

- "More On: 'Controlled Drinking versus Abstinence: Where do we go from here?'" by Irving Maltzman and Mary L. Pendery, 12/83
- "Introducing Psychology" by Henry Gleitman, 1983
- "Smelling Gay and Straight" by John Money, 5/14/86
- "Undermining Foundationalism in Physiological Psychology" by Thomas Parisi, 4/87
- "Recovery of Function: Mechanisms, Training and Social Issues" by Marty Merrill, undated
- "Some Questions Concerning a Model Postulating Plasticity of Synaptic Regions" by Henry R. Mahler, undated, 2 pages

Folder 13 - Research Proposals

- "The prediction of individual differences in discriminative learning by means of a mathematical model" proposed by Daniel R. Anderson, February 1971
- "A Study of Number Conservation with Tasks Which Vary in Length, Area and Volume" proposed by Egon Mermelstein, 2/10/71
- "Visual and auditory processing of language information" by John Lott Brown, 2/12/71
- "Factors Affecting Generalized Imitation" by Jack J. Crawford, 2/12/71
- "Proposal for Psychology Test Item Bank", 12/15/80, with author unknown
